

Council in Focus.

Wednesday 9 November

mpdc.govt.nz 35 Kenrick Street PO Box 266, Te Aroha 3342
 Morrinsville & Te Aroha 07 884 0060 Matamata 07 881 9050

Meet your new Council

Te Aroha Ward

Teena Cornes

"I am privileged to again be elected onto Council for a further three years. I strongly believe it is important that council provides the framework for economic, environmental, social, sporting and cultural developments. I look forward to continuing this and working alongside the community."

Ash Tanner

"I am pleased to be back on board for another term. I am born and bred in Te Aroha and have a local business. I am passionate about our community and am looking forward to the next three years, and listening to any feedback or concerns."

Peter Jager

"I am pleased to be re-elected to continue the representation of Te Aroha. I am looking forward to progressing our district and continuing to provide the necessary services as we move into the future."

Matamata Ward

Brian Hunter

"Now into my second term, I look forward to working with my fellow elected members and council staff to bring existing and future projects to fruition within budget. I also want to see our district continue to be one of the best and most progressive in the country."

James Sainsbury

"I am a father and a scientist, and in both roles I have tremendous appreciation for our district and all that it offers. I am looking forward to serving on the Council to help continue our progress as an energetic economy, with sustainable environmental development, and efficient use of ratepayer money."

Kevin Tappin

"Thank you for your trust and support during the election process. I am looking forward to representing your views and opinions at the Council table, discussing these issues with fellow district councillors and making a positive difference in our district. Feel free to call or visit for a chat."

Adrienne Wilcock

"I am a dairy farmer from Walton with a long history of voluntary service on numerous community organisations. I look forward to engaging in community affairs at a higher level and being part of the decision making process, to ensure our district continues to grow by being a desirable place to live economically, socially and environmentally."

MAYOR JAN BARNES

"I am delighted to be re-elected unopposed as your Mayor for the next three years. I want our Council to concentrate on its core business, roading, waste, storm and drinking water, and to maintain the growth currently being experienced in the district. I want to ensure that we deliver the best outcomes for you, our community."

Morrinsville Ward

Donna Arnold

"The Morrinsville community has been my home for 49 years. From a farming and banking background I am aware of the economic hardship that many hardworking rural New Zealanders are facing and the challenges facing both the rural and urban community. I am looking forward to helping with issues facing our district and would like to see our towns continue to grow with pride."

Paul Cronin

"It is a privilege to represent Morrinsville on Council. My primary belief is that the most important thing in life is people. I measure the success of our society on how we treat our senior citizens and our children. If we are doing that right then I believe everything else will fall into place."

Neil Goodger

"I'm looking forward to continue helping shape the future for our communities, as well as bridging the gap between all people, clubs, businesses and the council."

James Thomas - Deputy Mayor

"It is exciting to be back for another term on Council and to have the opportunity to carry on the work streams started in the last three years. We are lucky to live in a district with a growing population and some wonderful employment opportunities. As a Council our role is to maximise opportunities for our communities economically and environmentally."
