Speed is not a problem on Buckland Road, most cars are very slow. The problem is cars driving on the ^{wrong} side of the road. We have asked for a white line on the road between Gasquoine and McCosh's, but this is not considered necessary.

Thank you for your consideration if the ~~person~~ person who made this decision drove on this piece of road it would be considered necessary. I do not see the need of a white line down the middle of a straight road when this on bends is not.
